

Integrated Features on TAPP®

We work with other companies and creators to add convenient new features to TAPP® and the TAPP® Service.

When you use these features, you'll sometimes share certain data with the companies that helped provide them.

To learn more, read our [Privacy Policy](#). Also, be sure to read up on each of these services' own privacy policies to get all the details.

Apple Maps

[Apple Maps](#) can provide a place's location, directions to it, and transit information.
